Global Oncology Policy,
MSD

ROOM: BARCELONA (2005)

FIRA DE BARCELONA GRAN VIA, HALL 6

BARCELONA, SPAIN

A better understanding of how different policy environments impact lung cancer incidence and outcomes is needed to build improved systemic responses for lung cancer, the world's number one killing cancer.

THIS SESSION WILL:

- Present the latest findings from the Economist Intelligence Unit (EIU) Lung Cancer Study
- Discuss the most important opportunities for improving the delivery of lung cancer care
- Explore the role of clinicians, policymakers, and patient groups toward better lung cancer policies

AGENDA

7:00 – 7:05	Welcome and Introduction
7:05 – 7:15	The Global Lung Cancer Policy Landscape
7:15 – 7:25	Case Studies of National Lung Cancer Policy
7:25 – 7:45	Moderated Panel Discussion
7:45 – 7:55	Q&A
7:55 – 8:00	Closing Remarks

This program was approved by the IASLC 2019 World Conference on Lung Cancer Program Committee as an independent activity held in conjunction with the IASLC 2019 World Conference on Lung Cancer. This program is not sponsored or endorsed by IASLC and is not part of the official IASLC accredited program.
